

Textbook Resources

We highly recommend that you purchase or rent textbooks for your courses throughout your semesters. Textbooks are a great resource to help students fully understand the material, and to be able to study when you are not in class. *The name and edition of each textbook will be included on your class syllabus given to you by your teacher.* See below for the different options that you have for purchasing textbooks.

Physical Textbooks:

1. You can visit the St. Clair College Bookstore and purchase books directly from them. You can search for books based on your course code. The link is [HERE](#).
There is also an option to rent textbooks from the bookstore [HERE](#).
2. If you are in Canada, you can make an appointment to rent textbooks from Acumen directly. You will need to pay a cash deposit of \$30 at the beginning of the semester. When the books are returned in proper condition, you will receive \$20 of your deposit back. If you would like to inquire about textbook rentals please contact info@canadaacumen.ca or info.mississauga@canadaacumen.ca

E -Textbooks:

There are some websites that students can purchase electronic textbooks from and they will be stored in an electronic library. You can find one example of this at [VITAL SOURCE](#).

There is no guarantee that *all* of your textbooks will be there, but you can find some of them here. There are options to purchase, or rent for a certain amount of time for a lower cost.

Textbooks Directly from Publishers:

There is an option to order physical and electronic textbooks directly from the publishers. Please see below for links to the publishers websites. Some publishers will give you the option to purchase or rent the textbook at a lower cost.
