# WELCOME TO

## CEO / PRINCIPAL'S MESSAGE ON BEHALF OF OUR FACULTY AND STAFF, I INVITE YOU TO JOIN US AT ST. CLAIR COLLEGE @ ACUMEN

Welcome to St. Clair College @ Acumen in the Greater Toronto Area (GTA). To promote a metropolitan experience to international students, St. Clair College has licensed its curriculum to Ace Acumen Academy to allow St. Clair College international students to study academic programs in Toronto.

For over 50 years, St. Clair College has been a leader in establishing overseas and off-site program delivery study options. St. Clair College welcomes the opportunity to now offer a quality student-friendly education experience in the GTA. Following the St. Clair College curriculum, each semester is designed to meet the challenges unique to international students and create a quality academic study environment. We offer small class sizes (allowing efficient teacher-student interaction) and affordable tuition fees.

Sincerely,

John Wu  
Principal/CEO  
Ace Acumen Academy

# ST. CLAIR COLLEGE @ ACUMEN

# TORONTO, ONTARIO

Ace Acumen Academy is located in Toronto, the provincial capital of Ontario, one of the ten provinces of Canada. As the most populous city in Canada and home to over 6 million people, Toronto is famous for being one of the most diverse, vibrant, and multicultural cities in the world. It is a thriving cultural centre that offers a remarkable variety of sightseeing, recreational, and entertainment opportunities. As an international student residing in Toronto, you will be able to visit and explore a great number of Canadian tourist attractions such as the CN Tower, the world's tallest freestanding structure, the Scotiabank Arena, home of Toronto Raptors and Maple Leafs, and the St. Lawrence Market, the world's best food market according to National Geographic Magazine. Some other attractions include the Royal Ontario Museum, Canada's Wonderland, the Toronto Zoo, the Art Gallery of Ontario, the Hockey Hall of Fame, Toronto Islands and many more.

Whether you enjoy contemporary music concerts, theatrical performances, exhibitions or worldwide cuisine, the city of Toronto is sure to keep you entertained and engaged. In the meantime, you are welcome to Ace Acumen Academy, where you are sure to find the key to your life success!

# BUSINESS

# INTERNATIONAL BUSINESS MANAGEMENT LOGISTICS SYSTEMS

## ADMISSION REQUIREMENTS

Ontario College Diploma, Ontario College Advanced Diploma, Degree, or equivalent.

## PROGRAM OVERVIEW

This two-year post-graduate program in International Business Management- Logistics enables graduates to enter the industry as business professionals, capable of investigating target market demands and determining the best opportunities for export. This program builds the necessary skills to understand, monitor, and influence the effective and efficient movement of goods and services across international borders. Employers are looking for graduates who can analyze financial statements, manage cash flow and apply the most appropriate International Commercial Terms to transfer the cost and risk when moving goods from the seller to the buyer. Graduates will be well prepared to develop viable market entry strategies for foreign markets and to create project management plans for international ventures. These capabilities will offer the competitive advantage that today's global organizations need.

## CAREER OPPORTUNITIES

Graduates will qualify for entry positions including international trade research assistant, international marketing manager, account manager, freight dispatcher, transport logistics controller, supply chain analyst, inventory control specialist, warehouse manager, purchasing officer, and supply chain consultant.

# HUMAN RESOURCES MANAGEMENT

## PROGRAM OVERVIEW

This graduate (post-diploma or post-degree) certificate program is intended for those seeking employment in Human Resources Management or for individuals already in the field who wish to update and expand their skills in order to pursue a career in Human Resources Management and secure the CHRP designation. For further information go to [www.hrpa.org](http://www.hrpa.org) or call 1-800-387-1311.

Students who meet the graduate certificate admissions criteria and successfully complete the required courses will qualify for a graduate certificate in Human Resources Management from St. Clair College. Prospective candidates who are planning to begin taking courses towards this credential on or after September 1, 2008 should be aware that at the time of application for the graduate certificate, they will be required to show proof of a previous diploma or degree from an approved post-secondary institution or the equivalent in years of professional experience in the Human Resources field. Individuals with questions about this should call (519) 972-2711.

In addition, the courses will be accredited by the Human Resources Professional Association of Ontario towards the Comprehensive Knowledge Exam. Students who have completed the Human Resources Studies Certificate will be able to further their studies through this program.

# DATA ANALYTICS FOR BUSINESS

## ADMISSION REQUIREMENTS:

Ontario College Diploma, Ontario College Advanced Diploma, Degree, or equivalent.

## PROGRAM OVERVIEW

The Data Analytics for Business program prepares students to visualize past, present, and future patterns by linking and presenting information in meaningful ways. The area of data analytics offers deeper insight and meaning of data sets for users by telling the story behind the information. This type of detailed and defined information enables graduates to effectively predict trends, understand the needs of customers, as well as make more informed business decisions.

Students will learn a unique blend of theoretical knowledge and advanced applicable skills. Students will also learn large scale data manipulation, how to collect, curate, encode, and store data sets, which can be analyzed and mined in ways that can be reused and repurposed to solve challenges and predict future patterns for business decision making. Students will gain critical thinking skills that demonstrate the ability to use existing and discoverable data to solve business problems.

## CAREER OPPORTUNITIES

Graduates may find employment across almost all public or private sectors. Positions within these sectors include data analyst, business analyst, quantitative analyst, digital marketing, project manager, operations analyst, transportation logistics, systems analyst. Those with an entrepreneurial spirit may prefer self-employment opportunities within the field such as data analytics consultants or design of data management solutions.

# ACADEMIC SERVICES

In addition to providing many student services, St. Clair College @ Acumen provides academic services to support the academic success of its international students.

- Tutoring services are available for students who need additional support in their subjects. Tutors are available in a wide range of subjects and tutoring takes place conveniently on campus.
- Academic advising services are available to help students with academic inquiries, outlining study plans, creating special schedules, and discussing support services available to assist students in their studies.
- Students with prior post-secondary education may be eligible to receive advanced standing credits; these students should submit official transcripts and course outlines for review by the Academic Department.

## Alumni Story

### Ding Lou

Graduated from St. Clair College @ Acumen - Business Program in December, 2017, and successfully transferred credits into York University for the Economics Program, and graduated from University in August 2019. Ronnie is currently working in Ace Acumen Academy as a student advisor and constantly guide more of St. Clair students to success.

### *Comments from the Student:*

"My time at Ace Acumen Academy was a great opportunity, which helped me understand better studies in Canada. Here, I got to experience more reasonable class sizes and smoother communication with staff and professors. Ace Acumen Academy made sure I was prepared for my future studies at York University and also prepared for the rest of my life."

# Alumni Story

## Anuj Patel

I joined St. Clair College @ Acumen in January 2019 intake in Business course. It was a tough decision for me to choose a course which is totally opposite from my background. As an engineer, I thought it would be challenging to take a course where you are learning about finance, accounting, marketing and sales. However, I believe I made a good decision to take admission in St. Clair College @ Acumen. The college professors and administrative staff are very supportive, and I am mentioning that because the way of teaching is so unique. That is the reason I got a 4.00 GPA in my first 2 semesters, and I also got a chance to share my knowledge with my fellow students as I was working as peer tutor in St. Clair College @ Acumen.

The best thing is while I was in college, I got to know about some certificates related to my course, so I just took advice from my professors. With the help of them, I finished my certification in Canadian Investment Fund Course. I also got a scholarship from St. Clair College @ Acumen which motivated me for getting a good GPA in my academics.

I graduated in the month of May 2020, and after finishing my course within 2 weeks, I got job in Gatestone as a financial service representative, which was a good entry level job for any individuals. Finding a job in banking industry was one of my dreams after graduating from St. Clair College @ Acumen. Currently, I am working in ROYAL BANK OF CANADA (RBC) .

### Comments from the Student:

"I also like to mention that St. Clair College @ Acumen also honored me with Faculty Excellence Award, which was one of my biggest achievements in life. I am always thankful to St. Clair College @ Acumen for all the honors."

## STUDENT LIFE

Our Student Lifeline is available to students 24/7 free of charge. You can get professional support for maintaining a healthy balance between school, work and everyday life.

## COMING TO CANADA

Make sure to arrive at St. Clair College @ Acumen in Toronto at least one week before the start of your program. Attending an Orientation will help you better understand the college rules and policies and will set you out for success at first step.

## BEGINNING OF CLASSES

The start date of classes will be in January, May and September for each year. You are expected to be in class on time with all necessary books and supplies.

You will need:

- Pencils/Pens
- Course Textbooks
- Notebook
- Student Card
- 3-Ring Binder
- Laptop (optional)

## MEDICAL & WELLNESS PLAN

Your St. Clair College @ Acumen tuition fee includes comprehensive medical insurance, which covers physician fees, dental, prescription medication, medical testing, unexpected medical emergencies, counseling, pregnancy support, and wellness support. Learn more about your coverage for additional details and exclusions.

## CAREER FAIR

For potential graduating students, St. Clair College @ Acumen organizes a career fair on campus where students get a chance to interact with employers and apply for jobs at their companies. Students can also get help with resume writing and developing interview skills.

# STUDENT SERVICES

The Student Services Department at St. Clair College @ Acumen is always seeking new ways to enhance students' educational experience and well-being. Student Services Department helps students with:

- Orientation
- Settlement Assistance
- Accommodation Guidance
- Banking Advice
- Mobile Phone Plan Advice
- Online Account Training
- Medical Insurance
- Career Centre & Planning Services
- Letter Requests
- Scholarships Available

## STUDENT ACTIVITIES

The Student Services Department understands that the process of adjusting to a new environment and culture is not always easy. Because of this, students are offered a chance to enjoy a great number of fun community events and activities throughout the semester.

## FITNESS

To promote a healthy and active lifestyle throughout the academic year, St. Clair College @ Acumen provides students access to our state-of-the-art equipment and facilities that will be located at our Toronto, Mississauga, and Brampton campuses. Each campus fitness facilities offers a variety of services to help our students reach their fitness and health goals. These include modern strength training and cardio equipment, basketball court, volleyball court, ping pong tables and more! Students will also have access to enroll for a membership to LA Fitness, which will offer students the usage of their facilities and various group fitness classes.

## STEP 1

SELECT A PROGRAM OF STUDY

## STEP 2
