BE THE NEXT CAREER SERVICES SUCCESS STORY!

by **Anna Walker**

(Careers & Alumni Coordinator, Toronto Campus)

Do you find yourself discouraged by the hiring process?

Are you applying for numerous jobs without receiving a call for an interview?

The problem may be your resume!

Your **resume**, and **cover letter** are key marketing tools used to sell you to employers in your job search! A well written resume won't get you a job on its own, but it will open doors to interviews and give you the confidence you need in those interviews.

The most important thing about resume writing is to write your resume in a way that best portrays your skills, abilities, and knowledge to increase the likelihood that you will secure an interview opportunity in the career direction you desire.

Remember that your resume is a living, ongoing document that is used to display your experiences and skills. You should revise it frequently regardless of whether you are actively seeking new employment.

CAREER SERVICES SUCCESS STORY

A second semester IBM student felt like the Canadian Labour Market was working against him. Cost of living and tuition fees were a strain. He needed a job, ANY JOB! However, none of his job applications were answered.

Then he met Anna, the Careers Coordinator at the Toronto Campus. He shared his resume with her and after two 1-on-1 sessions, he was able to create a resume that gave him confidence and grabbed employers' attention!

Within a week of using his updated resume for job applications, he was called for two job interviews. He now had the luxury of being selective with his job offers. With a good resume he has been able to show employers the value of his skills and experience!

For help with your resume, cover letter, LinkedIn, job search, application and more, meet with a career advisor today! Send an email to:

Top 3 places to visit this Spring in Toronto

by **Priya Vyas** (Student Advisor, Toronto Campus)

April is the beginning of Spring which has a beautiful combination of warm and cold days. Most of us like to stay in on the cold windy days and venture out on the warmer ones. Here are three amazing places you can visit this early Spring season.

DISTILLERY DISTRICT

This is world heritage site and one of the cutest towns around. An excellent choice for a walk or day outing with friends or family. There are amazing eateries and stunning architecture views.

Check out their website for more info.

Location: 55 Mill Street, Toronto ON, M5A 3C4

ALLAN GARDENS

A place that's perfect for a good stroll and some amazing Instagram pics.

Location: 160 Gerrard St. East, Toronto, ON

WATERFRONT TRAIL

Some of us love going on a ride on a good day. Though the city might be busy, Waterfront Trail is a good place to cycle. Sugar Beach to Humber Bay Park, there

are lots of places to discover on this trail. You can also rent a bike, if you wish too!

Location: Waterfront, Toronto, ON

PREVIOUS EVENTS

Athletics

SOCCER TRY OUTS

BASKETBALL TRY OUTS

" Let the games begin "
" Regular physical activity promotes physical and mental health. Engaging yourself in sports and fitness can alleviate stress that you may encounter on a daily basis. I encourage you to get involved in as many activities as possible while you are completing your studies. "

— **Adrian Tash, Athletic Advisor**

FITNESS COMPETITION

Jyoti Jyoti, 4th Semester OAH student completed the challenge with a winning time of 5:05 mins

Gaurav Verma, 3rd Semester OAH student completed the challenge with an outstanding time of 5:28 mins

Artistic Gallery

Anmoldeep Singh, Semester 2, DAB

My Dairy
Everyday am losing my breath, I found my destination but haven't found a way to it, she's silent now who used to be chatterbox, please someone have a look, she's always so thoughtful, I myself encouraged my dreams, My Dairy became the doctor of my heart. I have cut myself from the world, I don't care about people anymore, I removed the veil of helplessness from my face, Now Pain doesn't bother me anymore I bother pain, Night is my friend and I write alone in her shadow, My Dairy became doctor of my heart.
