

Pride Month Celebration at Ace Acumen, June 2022.

## CELEBRATING PRIDE MONTH!

**Hello Saints!** Did you know that the month of June is recognized as **PRIDE** month? PRIDE month was originally started to commemorate the 1969 Stonewall Uprising in Manhattan, USA. This was a pivotal point for the **LGBTQ2S+** community as they fought for inclusion, diversity and respect of their rights. Today we show support towards this community, recognizing their history and contributions by participating in activities for PRIDE such as parades, picnics, parties, workshops, concerts and other events. I am sure you are familiar with the Rainbow flag which is commonly used to represent **PRIDE**. There are many versions of the flag that is used to represent different parts of the community. As a school, we support **INCLUSION**, **DIVERSITY** and **RESPECT** and we show our support for the **LGBTQ2S+** community during this month through our events and activities. This month take some time to participate in an event on your campus to celebrate PRIDE month.

**FUNFACT:** The "+" in **LGBTQ2S+** stands for all other identities that are not represented by a letter or that matches sex assigned at birth.

## ALUMNI SUCCESS STORY

*Did you know that as an Ace Acumen student you can access the services of our Career Services team even after you graduate?* Our Career Coordinators have made all their services available to past students. Alumni also get the perks of special insurance rates, discounts, and invitation to exclusive alumni events!

Komal Komal a past student shares a little about her journey at Ace Acumen and how Career Coordinator Isabel contributed to her present success.

Hello Saints! My journey at Ace Acumen was incredible and significantly contributed to my development as an individual. I participated in a lot of activities that allowed me to learn new things and develop my confidence. One fun achievement was winning the **Holi Painting competition**. It was a fantastic experience where I got to display my creativity and artistic skills while meeting other students. Another significant milestone was being selected as a **tutor** in my fourth semester. This helped me earn extra money, improve my teaching skills, and gain valuable work experience. However, my proudest moment was being awarded for **Student of the Month**.

**Thanks to the Career Services Team**, I was able to explore my career options and figure out my interests. I had a **1-on-1** session with Isabel, and she helped me clear all my doubts and guided me in the right direction. It was incredibly helpful and gave me the confidence to pursue my dreams.

After graduating from college, I was excited to start my career. **Within a month, I landed a job as an Employment Specialist at one of the largest logistics firms in Canada, FedEx.** It was a proud moment for me to see my hard work pay off and secure a position in my field.

My advice to new students is to take advantage of every opportunity that comes your way. Participate and take advantage of career counseling services and seek guidance from experts who can help you achieve your goals. I did just that and my journey at Ace Acumen was rewarded me with personal and professional development.

**Anchal Jaiswal, Semester 3, SSW**

To all the international students out there,  
I know it can be tough, but don't despair.  
You left your home to pursue your dreams,  
To study abroad, and explore new themes.  
You may miss your family and friends,  
But remember, this journey never ends.  
You're gaining knowledge and life experience,  
Which will pay off in your future appearance.  
So, when you feel homesick and blue,  
Remember, your hard work will see you through.  
Study hard, make friends, and have fun,  
Your bright future has already begun.  
Chase your dreams with determination and might,  
And soon you'll see everything will be alright.  
With a degree in hand, you'll achieve great success,  
And all the struggles will seem like just a test.  
So, keep pushing forward with all your might,  
And remember, you have the power to shine bright.  
The world is yours for the taking, my friend,  
So go out there and conquer till the end!
